KRAFT DEINES LEBENS

Peace

A harmonious application begins with a punctual, stress-free start. Please come to the spa a few minutes before your treatment in the spa and also take some time after the treatment to let your body and mind rest.

Authenticity

Pamper “Your Life’s Power” with our new EDELWEISS NATURE cosmetics line and its regional ingredients. It is important for us to be in harmony with nature and that’s why we deliberately use no artificial ingredients in this product line.

Individuality

Every person is different. Our individual needs are as different as we are. Just tell us what you want or where we should focus on, and we will advise you accordingly in the selection of your treatments. Let yourself be pampered, find deep relaxation and new energy, or simply let your soul dangle for a while. With our tailor-made wellness packages, you will find exactly the right thing for your wishes, your current constitution, your needs and your travel budget.

KRAFT DEINES LEBENS

The history & origins of EDELWEISS NATURE „Your Life’s Power“

How did the EDELWEISS natural cosmetics line come about?

The EDELWEISS Mountain Resort has inspired pharmacist & beautician **Monika Wirnsberger-Machner** as a holiday destination for years. Many passionate conversations with hostess Karin Hettegger on regional medicinal herbs, holistic well-being as well as an awareness of high-quality values led to the idea and development of this in-house cosmetics line.

Closeness to nature and skin-invigorating care are reflected in these high-quality cosmetic formulations with selected ingredients from regional alpine herbs for sensitive skin needs. The three luxurious „EDELWEISS Gold“ cosmetics contain highly concentrated active ingredients and nutrients for long-lasting wrinkle reduction and intensive revitalisation of the skin. **Monika Wirnsberger-Machner** (www.waasen-apotheke.at) creates our EDELWEISS cosmetic products with special pharmaceutical and cosmetic knowledge, and all done by hand. Exclusively available from us, these high-quality products are part of our innovative treatment range especially for you – our guests.
